

MALAWI GOVERNMENT

TECHNICAL COLLEGE TRAINING

NATIONAL SELECTION LIST

2024 Pre-Apprenticeship Recruitment

Stream 2

9th November 2023

EXECUTIVE SUMMARY

In April 2023, The Ministry of Labour (MoL) commenced the process of recruiting the 2024 cohort of pre-apprentices, who are expected to begin their pre-apprenticeship training in public and private National Technical Colleges (NTCs) in January, 2024. As has been the practice since 2019, this year's process was managed by the Recruitment Committee, a coalition of public and private technical colleges across Malawi. The process received financial, logistical and technical support from the TEVET Authority, while the MoL provided an oversight role.

The 2024 recruitment process began with a recruitment planning meeting which took place from 12th to 14th April 2023. At this meeting, the committee developed a recruitment calendar and a budget. The meeting further consolidated the declared college available spaces for applicants and set targets for applications and selection.

More importantly at this meeting, the committee was oriented on a newly developed TEVET Recruitment Information System (TRIS), which has been designed to manage and store application data for recruitment.

Following this meeting, the colleges distributed application forms throughout the country for interested candidates to apply. The recruitment was also advertised through various platforms such as newspapers, TV, radio and social media. The application window run from 19th June to 7th August 2024. After being filled by applicants, the application forms were submitted through 3 tally centres namely Mzuzu Technical College in the Northern Region; Lilongwe Technical College in the Central Region; and Soche Technical College in the Southern Region. Following this, the forms were screened and data was captured electronically into the TRIS.

In total, the recruitment committee received 11,418 applications (5,602 females and 5,816 males). This was a significant improvement in applications from the previous recruitment by 7007, representing a 61% increase in applications. The applicants competed for 7,556 spaces. The spaces were arrived at through a consideration of doubling intake in the colleges by creating two streams totalling to 5,912 and then adding 30% spaces more to carter for potential non-reporting, thereby arriving at the total spaces of 7,556. Out of the 11,418 applicants, 7,256 (3405 male and 3851 females) were selected as pre-apprentices, representing a 64% selection rate. This booklet presents names of the selected candidates for Stream 2.

LIST OF SUCCESSFUL 2024 PRE-APPRENTICES

The list that follows contains details of the 2024 recruited students (pre-apprentices) with their respective occupations, college names, application numbers, gender and district of origin.

PUBLIC TECHNICAL COLLEGES

The List that follows presents details of pre-apprentices selected to the 7 public technical colleges in Malawi.
